

ART PRO AUDIO ARTS8

Channel Transformer / Isolator

Šifra: 10277
 Kategorija proizvoda: Pa Rack Ostalo
 Proizvođač: ART

Cena: 743,00 KM

8 high performance transformers

Reversible rack mount ears
 Audio transformers have an extremely flat and wide frequency response

Can be used for signal taps or as a signal splitter

19" 1U black all steel case

High-quality, passive audio interface
 XLR, 1/4" phone, and RCA type phono connections on all inputs and outputs.

Separate input and output signal grounds reduce hum
 Very clean and neutral sound with a wide variety of signal sources

Use as a safer connection between two audio systems
 (ie: Computer workstation or monitor system)

Frequency Response	10Hz -50kHz, +/-0.5dB @ +4dBu
Phase Shift	Phase Error: Less than 5°; 20Hz - 20kHz
CMRR	60dB typical
Power Requirement	Completely Passive
Dimensions	1.75"H x 19"W x 3.75"D
Weight	3.75 lbs
