Cordial CES O1 passive DI-box

Šifra: 13702
Kategorija prozivoda: DI Box i Phantom Power
Proizvođač: Cordial

Cena: 90,00 KM

Field test by Axel Ritt (Grave Digger):
“Workmanship: massive, very torsion-resistant, sturdy and robust, can stand a few kicks... high-end switches and sockets (as one would expect). Really good toggle/pressure switch protection due to overhanging sheet metal housing.
Operation: well-positioned ground lift function. Really useful level reduction function of up to -30dB so that you can use each of the mic inputs. Another good feature, especially for DJs: CINCH inputs.
Conclusion: very good workmanship, practice-oriented operation, reasonable price. All in all: very much to my linking!”
Field test by David Heyer (Legends of Rock’n’ Roll): First of all, there is the extremely robust and roadworthy housing that leaves nothing to be desired. The contacts are really soldered meticulously and guarantee stress-free connecting. This DI box prevents humming and crackling effectively and is suitable for all kinds of intended purposes.
The switch designated for signal level reduction works precisely and does a great job. Output socket and ground lift switch are thoroughly protected, the workmanship is immaculate. All solder joints flawless, no crackling or humming, perfect.
Conclusion: a superb job, simply a marvel!
CORDIAL´s DI-box CES 01 combines great workmanship, high sound quality and cost efficiency in a perfect way.

Cene su informativnog karaktera. Prodavac ne odgovara za tačnost cena iskazanih na sajtu, zadržava pravo izmena cena. Ponudu za ostale artikle, informacije o stanju lagera i aktuelnim cenama možete dobiti na upit. Plaćanje se isključivo vrši virmanski - bezgotovinski.
