Cordial CES O2 passive DI-box

Šifra: 13703
Kategorija prozivoda: DI Box i Phantom Power
Proizvođač: Cordial

Cena: 176,00 KM

In line with the latest trend, i.e. keyboards, samplers and effects units with stereo outputs, CORDIAL´s passive DI-box CES 02 allows you to easily connect line level outputs to balanced mixing desk inputs with microphone level sensitivity. Another convenient feature is also the option to loop signals through – not only via the 6.3 mm plug but also via RCA(Cinch) format, which is often found in semi professional CD/Mini Disk/Cassette/DAT players. So the CES 02 features a completely ground separated inner design and that means that two mono signals can be transmitted without any cross talk. The CES 02 doesn’t require any batteries or phantom feed. The technical specifications of the transformer meet studio standards.
