MACKIE MR624 - Studijski monitor

Šifra: 16028
Kategorija prozivoda: Aktivni Studijski Monitori
Proizvođač: MACKIE

Cena: 408,00 KM

The MR624 is equipped with matched amps and drivers for an optimized 65W Class-AB biamplified system. The speakers can also be optimized to your mixing environment with the adjustable acoustic space filters designed to maintain a flat response in typical placement configurations. Additionally, a high-frequency filter applies a boost or cut to compensate for particularly bright- or dull-sounding rooms.

The MR624 has been designed with flexibility in mind, featuring XLR, TRS, and RCA monitor inputs. The speaker has been housed in an all-wood cabinet that has been treated with acoustic absorption material for a tighter response. Additionally, the MRS10 studio subwoofer can be added for a more powerful, extended low end.

The MR624 features a download for ProTools | First software and The Musician Collection plug-in package including 23 high-quality plugins with BBD Delay, Level Lite, 304E EQ, and 304C Compressor. To authorize the software, simply input the mixer's serial number on the website.
