

iLok3 - USB-C - USB ključ

Šifra: 16071

Kategorija proizvoda: Software

Proizvođač: I LOK

Cena: 135,00 KM

Portability for Multiple Platforms

Easily move authorizations from one computer to another, whether you are at home, the office, the studio, or a friend's house

Capable of storing up to 1500 iLok-enabled software authorizations on a single key, regardless of publisher

Works on both Windows and Macintosh operating systems, with the ability to have licenses for both platforms stored on the same iLok

Immune to upgrades, disk maintenance, or hardware and software failures

Rugged Design

Extruded aluminum frame will not split or crack under normal circumstances

Wide and strong loop accommodates most desktop security cables

Glowing blue LED indicator light

Etched serial number will not rub off
