Equipped with Austrian Audio’s renowned Hi-X Drivers, the Hi-X20 offers an unmatched audio experience. Enjoy perfectly balanced mid and high frequencies paired with a powerful, controlled bass response. With its precise sound and honest frequency response, you’ll experience fast transients and minimal distortion, making these headphones ideal for any professional environment.

Hi-X Technology
Hi-Xcursion (High Excursion) technology drives the remarkable sound of our Hi-X headphones.

All Austrian Audio Hi-X models feature a 44mm driver and an advanced ring magnet system, delivering superior airflow and the strongest magnetic field in its class.
The ring magnet, paired with a copper-clad aluminum voice coil, reduces membrane weight for faster, more precise impulse response.
The 44mm design ensures professional performance, enhanced air movement, and eliminates diaphragm wobble. The ultra-stiff membrane effectively dampens resonance for an ultra-clear and dynamic sound.
