Accurate Video and Audio Performance

Independently tested to 13.5Gb/s* to deliver High Speed w/Ethernet and exceed the requirements of the latest HDMI specification.

Supports Full HD, 3D, 4K and Deep Colour.

Low Jitter

Profile eFlex HDMI measures at less than 70ps of jitter to deliver accurate timing of video and audio data.

Compact and Discreet Design

With an all new miniature plug body design, the minimum clearance required for this cable is now a tiny 40mm which means it will disappear completely behind any wall mounted or free standing display.

eFlex Cordage

The e-Flex jacket is comprised of a special PVC compound which makes the cable extremely flexible, enabling it to be used in tight spaces between the TV or projector and the wall.
